

TRANSPORTATION CLEANER

1 Identification

GHS Product Identifier

TRANSPORTATION CLEANER

Recommended use of the chemical and restriction on use

TRANSPORTATION CLEANER FOR TOUCHLESS WASH SYSTEMS.

Supplier's details

DAYCON PRODUCTS COMPANY, INC.
16001 TRADE ZONE AVENUE
UPPER MARLBORO, MD 20774
800-394-0019

Emergency phone number

800-535-5053

2 Hazard(s) identification

Classification of the substance or mixture

Skin corrosion — category 1

Serious eye damage/eye irritation — category 1

GHS label elements

Danger

Hazard statement(s)

H302 + H312 Harmful if swallowed or in contact with skin

H314 Causes severe skin burns and eye damage

Precautionary statement(s)

General

P101 If medical advice is needed, have product container or label at hand.

P102 Keep out of reach of children.

P103 Read label before use.

Prevention

P262 Do not get in eyes, on skin, or on clothing.

P264 Wash hands thoroughly after handling.

P270 Do not eat, drink or smoke when using this product.

P281	Use personal protective equipment as required.
Response	
P301+P310	IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician.
P302+P352	IF ON SKIN: Wash with plenty of soap and water.
P304+P340	IF INHALED: Remove victim to fresh air and Keep at rest in a position comfortable for breathing.
P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Other hazards which do not result in classification

Not applicable.

3 Composition/information on ingredients

Description	CAS Number	EINECS Number	%	Note
Water	7732-18-5		60 - 70	
Alcohol Ethoxylate	68439-46-3		3 - 8	
sodium xylenesulfonate	1300-72-7		1 - 4	
Sodium octanesulfonate	5324-84-5		0.2 - 3	
sodium meta-silicate	6834-92-0		0.1 - 5	
Monosodium salt tridodium nitrilotriacetate	5064-31-3		0.01 - 0.1	

4 First-aid measures

Description of necessary first-aid measures

Provide label and/or SDS to medical personnel for treatment.

EYE CONTACT: Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician.

SKIN CONTACT: IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Call a poison center or doctor/physician if you feel unwell. Wash contaminated clothing before reuse.

INHALATION: IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor/physician/

INGESTION: IF SWALLOWED: Call a POISON CENTER or physician immediately. Rinse mouth. Do not induce vomiting.

Most important symptoms/effects, acute and delayed

Symptoms: Harmful if swallowed. Corrosive in contact with skin. May be harmful if inhaled. Causes damage to organs if swallowed.

Indication of immediate medical attention and special treatment needed, if necessary

Burning of skin and eyes after contact.

5 Fire-fighting measures

Suitable extinguishing media

Dry chemical. Foam. Carbon dioxide (CO2). Water spray (fog).

Specific hazards arising from the chemical

Not applicable.

Special protective actions for fire-fighters

Wear self-contained breathing apparatus, pressure demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6 Accidental release measures**Personal precautions, protective equipment and emergency procedures**

Use personal protective equipment as required. Avoid contact with eyes and skin. Surfaces may become slippery after spillage. Isolate area. Keep unnecessary personnel away.

Environmental precautions

See Section 12 for additional Ecological Information.

Methods and materials for containment and cleaning up

Methods for Containment: Prevent further leakage or spillage if safe to do so.

Methods for Clean-Up: Absorb with suitable absorbent such as sand or earth. Scoop up used absorbent into drums or other appropriate container. Dispose of contents/container to an approved disposal plant.

7 Handling and storage**Precautions for safe handling**

Handle in accordance with good industrial hygiene and safety practice. Wash face, hands, and any exposed skin thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves/protective clothing and eye/face protection. Use only outdoors or in a well-ventilated area. Do not breathe dust/fume/gas/mist/vapors/spray. No smoking. Keep container tightly closed.

Conditions for safe storage, including any incompatibilities

Storage Conditions: Keep container tightly closed and store in cool, dry and well-ventilated place. Store locked up.

Incompatible Materials: Strong oxidizing agents.

8 Exposure controls/personal protection**Control parameters**

Exposure is generally not a problem when wearing the proper personal protective equipment and avoiding contact with the chemical.

Appropriate engineering controls

Apply technical measures to comply with the occupational exposure limits. Showers. Eyewash stations. Ventilation systems.

Individual protection measures

EYE/FACE PROTECTION: Chemical goggles or full face shield.

SKIN and BODY PROTECTION: Use impervious gloves for prolonged contact.

RESPIRATORY PROTECTION: Respiratory protection; not normally required for ambient air concentrations not exceeding the Occupational Exposure Limit. In case of inadequate ventilation wear respiratory protection. Wear appropriate mask.

GENERAL HYGIENE CONSIDERATIONS: Handle in accordance with good industrial hygiene and safety practices.

9 Physical and chemical properties

Physical and chemical properties

Appearance:	Clear liquid
pH (as is):	>13
Viscosity @ 25C	Water thin
Solids, %	18.0
VOC (calculated) 2 1:50 dilution:<0.1	

10 Stability and reactivity

Reactivity

Avoid contact with strong acids or strong oxidizers.

Chemical stability

Stable

Possibility of hazardous reactions

Unlikely. Avoid strong acids or strong oxidizers.

Conditions to avoid

Not applicable

Incompatible materials

Strong acids or strong oxidizers.

Hazardous decomposition products

Oxides of carbon may be emitted if product burns.

11 Toxicological information

Toxicological (health) effects

No information available.

Information on the likely routes of exposure

No information available.

Symptoms related to the physical, chemical and toxicological characteristics

Redness of skin or eyes and burning sensation.

Delayed and immediate effects and also chronic effects from short and long term exposure

None known.

Numerical measures of toxicity (such as acute toxicity estimates)

No information available.

Interactive effects

No information available

Where specific chemical data are not available

No information available.

Mixtures

No information available.

Mixture versus ingredient information

No information available

Other information

No information available.

12 Ecological information**Toxicity**

No information available.

Persistence and degradability

Product is biodegradable and there is no persistence in the environment.

Bioaccumulative potential

Does not bioaccumulate.

Mobility in soil

No information available.

Other adverse effects

No information available.

13 Disposal considerations**Disposal methods**

Disposal should be in accordance with applicable regional, national, and local laws and regulations.

Disposal of packaging should be in accordance with applicable regional, national, and local laws and regulations.

14 Transport information**Ground**

Un Number: UN3266

Class: 8

Packing group: III

Proper shipping name: CORROSIVE, LIQUID, BASIC, INORGANIC

15 Regulatory information**Safety, health and environmental regulations specific for the product in question**

Not applicable.

16 Other information**Other information**

Information in this Safety Data Sheet (SDS) is based on sources other than direct test data and is given in good faith. No warranty is expressed or implied. We believe that the information is current as of the date of this SDS. The use of this information, the conditions, the methods of handling, storage, use and disposal of the product are not within the control of the manufacturer and distributor, therefore it is the user's responsibility and obligation to determine the conditions of the safe use of this product and to ensure that its activities comply with all laws and regulations.
